ELECTORAL CORRUPTION.

Speaking of the work done by the Bribery Commission in South Ontario and the admission of Mr. Wm. Smith, Conservative, ex-M.P.P., that he had paid out \$1200 for purposes of bribery, the Toronto Globe says:

"That there was corruption on one side does not of course condone corruption on the other. * * * When Mr. N. E. Patterson claimed that Mr. Smith had been candid in giving his testimony, Judge Osler said the word was not candid, but brazen. Into this question we have no desire to enter, but Mr. Smith's demeanor certainly did show that he regarded the spending of money for bribery as a matter of course, as a reasonable and business-like precaution against defeat. It would be interesting to inquire how far these views prevail among men in Mr. Smith's position. Are they the views of the average public man in this country? If so there is evidently need for reform far more extensive than the punishment of the more instruments of corruption, the channels through which money is conveyed from men like Mr. Smith to the electors."

These words have the true ring and apply to Liberal and Conservative alike. How is it possible for Canada to attain a position of honor and respect when bribery and corruption are rampant in both parties? How is it possible to maintain the freedom of the electors and to obtain the will of the people when such conduct everywhere prevails?

Such action should be stamped out by the most stringent laws. Every man engaged in such nefarious conduct, whether as briber or bribed, should not only lose his franchise but should be imprisoned for at least six months. The very life of our fair Dominion is being destroyed by this disreputable conduct. We cannot quietly view this tampering with the honor of our country without lowering our own moral standard.

PATRIOT FUND.

In another column will be found a letter from Mr. Blakeney expressing his agreement with the plan put forth by "Patriot" on last week's issue, of raising a fund in Qu'Appelle.

and support show a bold heart and should induce many to do as they see fit.

The various churches, schools

and societies appeal for financial support through concerts, socials and dances, and this support is almost always ungrudgingly given, but this fund has a wider-reaching influence. It appeals to all churches, all societies, to all British subjects in Canada.

Qu'Appelle is one of the few towns that have made no move toward assisting the wives and children or others dependent upon those who have gone as "Soldiers of the Queen." While our town has generously and loyally contributed its quota of men, that does not absolve the rest of the citizens of both town and country from doing what they can at home. We cannot all fight but most of us can show our loyalty otherwise.

Let the good work go on. Let the hearts of the people be opened to sympathy for those who have gone and for those who are near and dear to them at home. Let that sympathy take practical shape.

In addition to the subscriptions that may be sent to this office we suggest that the Council call a meeting to discuss ways and means of raising funds. A patriotic concert, dance and supper would draw well. Then, too, the council should consider the advisability of voting a sum from the municipal funds.

As to the application of funds when raised, we refer our readers to a letter elsewhere which sets forth the proposed plan of Lord Minto to unite all the different funds under the one control. This matter would have to be discussed at the meeting.

We hope to see some action taken at an early date.

NOTE.

Capt. Morrison, editor of the Ottawa Citizen, has been selected as one of the second Canadian contingent to go to South Africa. He will take his shooting stick with him and the Boers will shortly become leaded articles. Dandies Bazaar.

E. A. Macdonald, the independent candidate for the majority of Toronto succeeded against the two political candidates. The Globe did all it could to elect Alderman Holman but failed, as did also the heeler who were behind candidate Clarke. Score one for independence. The people are everywhere rapidly throwing off the party shackles. The Standard.

The Canadian Home Journal is to hand, and is full of interesting matter for the home. The musical or commercial education for those getting a certain number of subscribers is still open, and is a good chance for energetic young men or women. Address the Canadian Home Journal Co., Limited, Toronto.

(Political Meeting continued from front page.)

people would be surprised at the great difference in favor of the new one in spite of the reports and figures of the Opposition to the contrary.

Passing to the question of duty on binders, Dr. Douglas stated that under the previous government an arbitrary valuation of \$100 had been placed on each instrument imported and duty calculated on that amount. The present government felt this was too high and changed the valuation to the average wholesale rate in the United States and Canada, namely \$92. He meant to urge the further reduction at next session as he considered this a good time while there was a surplus and the government were on their good behaviour previous to a general election.

He also meant to press the grain transportation question and drive the wedge home.

Eight thousand acres of land in the northern part of this constituency were locked up by land companies. These companies would neither pay taxes or do road work. He brought this matter up and was asked to withhold action. Thus he consented to do on condition that the government promised to deal with it. The promise was given and carried out and the companies are being forced to sell.

He was sorry to say that when the matter came up the party did not ask "Is it right, is it just?" but "Is there any thing in it for our party?"

In conclusion he thanked the

audience for their kind attention and promised to work for his constituency at the next session.

A vote of thanks to the speaker was then carried and the meeting closed.

Correspondence.

Re Transal Fund.

To the Editor of THE PROGRESS.

DEAR SIR:—I was pleased to see the letter from "Patriot" in the PROGRESS of the 11th inst., and am heartily in favor of his proposition that we raise a fund in aid of the women and children of the West who are dependents of the volunteers that have gone to the front, and as I have a number of relatives "Soldiers of the Queen" fighting in South Africa, I will give \$25 for such a good cause, and if a concert is going to be held I will take \$5 worth of tickets. So kindly put my name down for these amounts, viz: \$25 for the fund and \$5 for tickets to the concert, and though no longer a ratepayer, if the council votes an amount towards such a fund I shall be pleased to contribute my mite. I enclose a cheque on the Bank of Montreal, Winnipeg, Man., for the \$25 and \$5 in cash for the tickets. I remain, yours truly,

FRED R. BLAKENEY.

P TRIOIC FUND.

Plan By the Governor-General for Systematic relief.

Ottawa, Jan 7. The Governor-General's secretary asks the publication of the following letter by Canadian papers: "I am directed by the Governor-General to inform you that His Excellency has for some time been aware of the great emergency displayed throughout the Dominion to contribute to funds for the assistance and relief of Canadian soldiers now serving in the field, and he believes that funds collected by the many different associations would probably be best administered under the direction of a carefully-selected central committee at Ottawa. With this view I am to inform you that an influential committee, of which Mr. Courtney, C. M. G., Deputy Minister of Finance, will be treasurer, is being formed under the direction of His Excellency for the administration of a relief fund for the benefit of Canadian soldiers serving in South Africa."

CANADA HAS A PART.

"The funds already collected for the Red Cross Association have been devoted to the special object of assisting the sick and wounded in the field, and His Excellency considers that for this purpose only, the Red Cross Association offer far the best machinery for their distribution; and also that it is important, in view of the patriotic part that Canada is playing in the defence of the Empire, that she herself should contribute to the central association for the care of sick and wounded imperial soldiers."

"The proposed relief fund to which His Excellency now refers will be entirely distinct from the Red Cross Association. The objects it will have in view it is proposed to class under the three following heads:—

(1) For the benefit of widows, orphans and other dependents of officers and men of the military forces of Canada, who unfortunately lose their lives in, or in connection with, the war operations in South Africa."

(2) For the benefit of the soldiers themselves, or employees of the Canadian Government, attached to the contingent in South Africa, who may have been disabled by wounds, sickness, etc., etc."

(3) For the benefit of the wives and children and dependents, separated at home from husbands and fathers and guardians, by the exigencies of the campaign."

"His Excellency is anxious that the proposed patriotic fund should assume as far as possible a Canadian national character, and that the population generally will not hesitate to contribute the smallest sums from 10 cents upwards."

"The Hon. William Mulock has very kindly consented to give the use of the post offices, both as to regarding the notification of the general scheme, and general transmission of correspondence to the central committee."

"His Excellency thinks it ad-

visable to make known the proposed organization at once, in view of the large sums which are at present being collected, and he hopes shortly to publish a fully revised plan. I have the honor to be

Territorial Tips.

Western post office employees will have their salaries increased.

Mr. D. A. Kingsbury, this popular school teacher at Balgonie, has attended to his duties in such a satisfactory manner that the school board have re-engaged him for another term with a substantial increase of salary.

Mr. John Dobbin has bought the entire stock of Tuning & Gilroy, at a rate on the dollar, and will continue the business under the management of Mr. W. G. Newlands—Regina Standard.

The North-West government has donated the sum of \$200 and the Regina Town Council \$50 for the public fund to defray expenses in giving a fitting end-of-the-year volunteers who mobilize at Regina this week. A great many of the citizens are also subscribing liberally towards the fund.

The West:—Captain Allen, who is to be an officer of the North-West contingent, arrived in town on Sunday morning. There is not a more dashing or popular officer in the Dominion than Captain Jack Allen. He is an old timer in the West, is a prince of good fellows, and his name is a household word from Winnipeg to the Rockies.

Joseph Sheffield has gone into partnership with Jno. Murray, the blacksmith, on Grand Avenue. This firm ought to do well, both members being reliable and experts in the business.—The Violette.

A movement is on foot to build a Presbyterian church at Balgonie in memory of the services of the Rev. Mr. Matheson who for so many years ministered in that district. A subscription list has been opened out, Mr. J. B. Hawkes, M. L. A., heads the list with a donation of \$100, while a number of other persons follow with subscriptions of \$50 and \$25 each.

LOCAL NEWS

H. Green, of the Hudson's Bay Co., who has been visiting friends in Ontario for several weeks, returned on Monday's stage. We are pleased to hear Mrs. Green is much improved in health, and will soon be able to return.

The annual meeting of the rate-payers of this School District was held in the school house on Tuesday last and was fairly well attended. The chair was occupied by Mr. A. E. Iredale, F. S. Proctor secretary, presented the usual reports. Geo. Reed was elected by acclamation as trustee. We congratulate the electors on their choice.

A regular meeting of Qu'Appelle Valley Lodge A. F. & A. M., No. 32 G. R. M., was held in the Masonic Hall on Tuesday last.

Mr. and Mrs. J. E. Johnson, Spanton Ranch, spent Tuesday in town.

W. South and T. Barnes, of Hayward, were in town on Tuesday.

The first well concert given by Yarn W. Barford, assisted by Messrs. A. D. Dickson, Jas. Brown and J. McAdra, in the town hall on Tuesday night, was much enjoyed by those who attended. We regret the attendance was not as good as might reasonably have been expected, and the only reason we can offer is that there have been so many entertainments of late that people have grown tired of them.

No less than five dogs were punished in town last week.

Mr. and Mrs. J. Stewart, of the Elm Hill Industrial School, are rejoicing over the birth of a fine little daughter.

Rev. E. Wells Johnston narrowly escaped from drowning on Thursday last. While driving on the river below the Mission the ice suddenly broke and the horses, rig and he were thrown into the water. It was with considerable difficulty the horses were saved. We are glad to hear the reverend gentleman was none the worse for his cold bath.

The attendance at St. John's Church last Sunday evening was the best we have seen for months. Every pew in the church was occupied. The service was hearty and Mr. Johnston preached a capital sermon on "Sympathy."

The school organ purchased of the Dominion Organ Co., was brought in by Guy May on Thursday.

day. It is a little beauty and naturally the pupils are delighted with it. R. Williams is the district agent for this well-known firm.

J. A. McDonald returned from British Columbia on Friday by way of the Crow's Nest Pass.

Mr. and Mrs. A. E. Iredale and family have moved into town. We are glad to know that Willie and Elsie are completely restored to health.

The many friends of Mrs. Robt. Webster will be pleased to know she is getting better daily.

W. King, son of chief trader King of the Hudson's Bay Co., and late of English River, Athabasca, was in town on Saturday renewing old acquaintances.

The members of the Ladies' Guild of St. John's Church presented Mrs. H. B. Joyner with a beautiful set of Frances Ridley Havergal's poems on Saturday as a slight token of their respect and appreciation of the valuable services rendered by her to the society.

W. Thorpe, Balcones, has gone to Ontario to see his brother, who is seriously ill.

J. McLehian has the contract for supplying ice next season at the cannery.

The church going people of the Hayward settlement are to be congratulated for their enterprise in purchasing a portable or box organ for use at the services held in the houses of the settlement. The instrument, a good one, is being supplied by the Dominion Organ Co.

A. E. Iredale left for Touchwood Hills on Tuesday and will be absent several days.

Lebret.

From our own correspondent.

Mr. J. A. Macdonald is expected to return from the east this week.

Mr. J. Lapointe returned from Montreal on Monday.

Rev. Father Lacasse returned from Winnipeg on Saturday.

Dr. and Mrs. Seymour returned from Indian Head on Saturday.

Mr. Maurice Seymour returned on Thursday from Winnipeg, where he has been for the past few months.

Mr. Joseph Meehan is at Horse Lake.

Mr. H. Cameron, of Elzevir, visited friends at Lebret on Sunday. Mr. A. J. Osmont came out from

Indian Head on Thursday of last week.

The following item appears in the Fort Elgin Times: "Mr. L. Smith, Qu'Appelle, N. W. T., who is attending the Ridley School, St. Catharines, spent the holidays at Mr. Doug Smith's, con. 4, Sangeen."

Seven of the members of the Territorial contingent bear the name of Smith. This, coupled with Lord Strathcona's magnanimous offer speaks well for the loyalty and patriotism of the Smiths.

Mr. Jas. Fowler, of Fort Qu'Appelle, was at Lebret on Saturday. Arrangements have been made whereby a daily war bulletin will be received at Lebret.

The annual meeting of the rate-payers of the Lebret School District will be held on Saturday, Jan. 27. We shall endeavor to give the readers of the PROGRESS a full report of the proceedings.

Stage Kisses are Genuine.

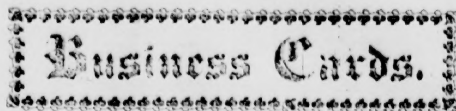

The Public Demands Realism Even in Stage Love-Making.

"Embrace and kisses are rehearsed with the utmost exactness," writes Franklin Evans, of the "Rehearsal of a play," in the January Ladies' Home Journal. "They must look thoroughly real. It is a curious sight, that of two players who are to express the ardent love which Shakespeare has written for his Romeo and Juliet, but who at rehearsal, in modern clothes and no necessities of romance, practice a kiss as methodically and unfeelingly as if it were—as it is then—utterly devoid of sentiment. There must be no hesitation or flinching. Romeo is not permitted to decide whether to decide to throw both arms around his sweetheart or only one, or which. No any jump in any or forward, yielding or resisting, as the situation. The director will place their arms for them if they themselves do not make a picturesque exhibit of tenderness. And the kiss? Shall it be delivered by the water on the lips of the wooer, or on his cheek? That question is considered and settled. Are kisses on the face genuine? Well, not at rehearsals, except, maybe, to show the effect in a full dress. An actress would resent a kiss at a rehearsal except when necessary. For the satisfaction of nature, earnestly on that point, it may be told right here that most of the kisses on the public performances of plays are actual kisses."

Mr. J. B. Hawkes, M. L. A., visited Regina last Thursday. He was recently in Winnipeg in connection with the annual meeting of the hull insurance company about which so much complaint has recently been heard, and co-operated with Premier Hanft in the interests of the Territorial policy-holder. Mr. Hanft rendered the farmers' yearman service in this matter, holding a number of proxies and thoroughly sitting out the workings of the company in their behalf.—The West, Regina.

MOST MIRACULOUS HEART CURES.

Mr. Thos Cooke, of Kingston, After Suffering Intensest Pain and Distress of the Heart for Seven Years—Is Cured Almost Miraculously by

Dr. Agnew's Cure for the Heart—A Remedy Which Saves Lives Everyday that Have Been Proclaimed

By Physicians Beyond Human Aid—it is a Powerful, Harmless Heart Specific and Can Work Wonders in Half-an-Hour.

Kingston, April 25, 1899.—Mr. Thos. Cooke, 260 Johnston street, Kingston, tells the wonderful story of his deliverance from heart disease, and what he considers his almost instantaneous recovery by the aid of that great angel of modern medical science

Dr. Agnew's Cure for the Heart. He says: I suffered seven years from a very acute form of heart disease. I experienced great weakness; had smothering sensations; palpitation so badly that one in the same room could hear the heart thump. I had great nervousness and depression at times, suffered excruciating shooting pains. Could not stand the slightest exertion, or excitement. I tried many remedies recommended to me, and consulted best physicians on my ailments, and nobody gave me any hope of permanent recovery. But one day I read of a cure by the wonderful remedy which seemed just to be my own case repeated. I

got a trial bottle and desired great benefit from it. I concluded to continue, as it promised a complete and permanent cure, and when I had used six bottles, not a vestige of the trouble remained, and although that is a year and a half ago there has never been the slightest symptom of a return of the trouble."

You can readily verify this or any other testimony of the curative powers of Dr. Agnew's Cure for the Heart, for the recommendations for it come spontaneously and unsolicited, and in innumerable cases out of the hundred are given out of the "fulness of the heart" in a bag snatched from the jaws of an distressing and almost as heart disease in any form.

If modern medical science has given to the world a remedy so sure—that thousands have used and tested the curative powers of after having suffered for years, and had been pronounced hopeless cases—if, as a last resort, even it has pointed such a beam, what a source of suffering would be speed if when the slightest uneasiness of the heart is experienced Dr. Agnew's Cure for the Heart were used? It has never failed to do what it promises. It gives relief in the most acute forms of the disease in less than 20 minutes. It not only stimulates a healthier heart action, but it heals the diseased organs, restores vitality, tones the whole system, and it's not claiming too much to say "IT MOST WORKS MIRACLES."

Dr. Agnew's treatment acts like magic on Hiccups, Eructing Stomach Troubles, such as Regurgitation, Acid Heart, Salt Rheum, and will cure Piles in from 5 to 5 nights—25 cts.

Dr. Agnew's little pills for Constipation, Sciatica, Rheumatism and Ill-humors—25 cts. for 40 d. box.

A Fine Sermon.

Rev Mr. Thompson preached a very instructive and practical sermon in the Presbyterian church on Sunday evening last. In his address he gave a history of the troubles out of which the present South African war arose, dating back to the true source, the abolition of the slave trade in British territory in 1834. Many have expressed regret that they were not present to hear the sermon.

Hockey Club.

The young men and boys seem quite enthusiastic over hockey this winter. They practice on every possible night under their captain and vice-captain, H. Gordon and T. Wilson, and judging from the number of bruises some of the hardest players exhibit they seem to be getting in some good work. The rink is very much smaller than the proper size for hockey, and no matches can be played here, but the boys have the fun and are, perhaps, kept away from something harmful.

Curling.

At a meeting of the Heather Curling Club held last Friday night the following skips were elected: R. Johnston, J. McNaughton, Dr. Henderson, and A. Gray. For the District Competition J. McNaughton and Dr. Henderson were elected. Curling commenced at once, the ice being in good condition.

The following went to the Indian Head hospital on Wednesday morning: Dr. Henderson, C. T. Bailey, W. Slater, J. McNaughton, J. Dundas, W. Vickers, W. Currie, J. McKen.

The Concert.

The Ladies' Aid of the Presbyterian church have reason to feel glad that they brought the Philharmonic Concert Co. here for its second appearance. Their first appearance had rightly paved the way for a full house on Tuesday night last. The crowd was there and was rewarded by hearing a grand concert. According to many who have been here ever since the town started the two concerts given by this company were the best ever given in town. Nearly every piece on the programme was encored and graciously responded to. The contralto, Miss Elizabeth Ferguson, won the decided appreciation of the audience when she sang "The Soldiers of the Queen." The Ladies' Aid cleared the nice little sum of \$20.

Wedding Bells.

The following interesting item is taken from the Toronto Globe of Jan. 24th:

A very pretty wedding took place on Wednesday last in All Saints' Church, Channington, when Miss Anna Gillespie, daughter of Dr. Gillespie of that town, was married to Mr. William Vickers of Qu'Appelle. Mr. Vickers was an old-time resident of the town, being a son of the Rev. J. Vickers for many years rector of the parish. The ceremony was performed by the father of the bridegroom, assisted by his cousin, the Rev. W. Allin of Millbrook. The bride was dressed in pink silk with bridal veil and orange blossoms, and the bridesmaids, Miss Carrie Cowan and Miss Sadie Gillespie, wore organdie muslin over pale blue. The flowers were roses and carnations. The groomsmen were Mr. Arthur Vickers of Toronto and Mr. A. Sinclair of Boston. After the ceremony in the church the wedding party returned to "Spruce Lawn," the beautiful home of Dr. Gillespie, and the bride and groom received the congratulations of the invited guests in the drawing room, which was artistically decorated for the occasion. Only the immediate friends of the young couple were present. After the wedding breakfast Mr. and Mrs. Vickers took their departure for their new home in the far west, carrying with them the very best wishes of the whole community.

Mr. and Mrs. Vickers arrived in

town last Friday morning. We join in wishing them a happy wedded life.

WAR NEWS.

London, 18.—The Times publishes the following despatch from Suezman's Press, dated Jan. 17. In the forced march westward, Lord Blandford, by a dash, moved upon the hill above Palestro. Drift, 15 miles west of Cologne, taking the Drift completely by surprise. The scene of the infantry followed. Gen. Luketich's force crossed the river yesterday, and today scaled the Boer trenches beyond with bayonets. Gen. Warren's force is now crossing Richards Drift, five miles above. He is not opposed, although the Boers are holding a position five miles from the river.

Later action. Trillickon yesterday afternoon, British and fortified Potogastie's Drift and crossed with little opposition, a line of low ridges a mile from there during the night. A transport was carried across to day from Mount Alice, near Swart's Kop. Naval guns and howitzers effectively shelled the Boer position, which is destroyed.

Gen. Warren also crossed the Tug six miles farther west, near Wagon Drift, with all arms in the line of the force, and a heavy fire from both sides and rifles. He has effected a most important lodgment, two miles farther towards Swart's Kop. News has been received that Gen. Buller is making satisfactory progress.

E. L. Miles returned home on Saturday from Regina, and is quite taken up with that part of the country.

Mr. T. McDonald is working for Mr. T. Wass for the winter.

We are sorry to say that the foot ball club held a meeting the other night, and as there were not many there those present had everything their own way and broke up the club. We think they should have waited till there were more at the meeting before taking action.

Mr. Jack Cooper is working for Mr. C. Hill for the winter months.

Quite a number attended the concert at McLean on Thursday and had a very nice time.

We understand that there was a good time at a party in this settlement last week. Why don't you give the correspondent a bid and then he could give a better account of it?

Mr. Jack Rodgers and Miss Cooper, of Egg Lake, paid us a visit on Sunday.

We were pleased to see Mrs. Sargent accompany the Archdeacon on Sunday for the first time for over a year.

Big Farewell.

The city of Halifax is preparing a great send-off for the volunteers who sail from that city for South Africa. A despatch says: "An effort is being made to have all the bands in the city massed on the main pier to play appropriate music. The scene promises to be the most inspiring, stirring and grandest ever witnessed here. The news of the British reverses, together with the strain of a feat, has stirred the citizens of Halifax to such a pitch that when the date fixed for the embarkation of troops arrive the feeling of loyalty that prevails here will burst forth into a wave of enthusiasm that will know no bounds."
